Comfort Zone

by ULTRACOMFORT

com • fort zone *noun* | a place or situation where one feels safe or at ease without stress

The Comfort Zone by UltraComfort offers a stress-free reclining experience by providing up to five patented and supportive positioning zones that can increase your body's wellness and optimize the feeling of comfort.

LOWER BODY

Zone 1 helps provide ergonomic relief to the muscles and joints in your lower body with the four-way motion of the seat and adjustable footrest.

UPPER BODY

Zone 2 allows stress and strain to be released from your upper body by adjusting the backrest to suit your needs. This combined with Zone 1 creates our patented Stellar positioning.

HEADREST

Zone 3 helps relieve strain or tension with an adjustable headrest that supports the natural positioning of your neck, shoulders and spine.

LUMBAR

Zone 4 offers adjustable lumbar support to help take pressure off your spine while giving your lower back muscles a chance to rest and rejuvenate.

ECLIPSE TILT

Zone 5 helps to encourage circulation, release muscle tension and alleviate joint pain with the first-of-its-kind, **PATENTED Eclipse™ Tilt**. This feeling of weightlessness moves you into a zone of comfort that you never felt before!

ECLIPSE™ TILT TECHNOLOGY

Eclipse Tilt Technology – This patented tilting system is designed with your health in mind.
