

OVER 80 YEARS OF BRINGING PEOPLE
TOGETHER WITH QUALITY WOOD PRODUCTS

JK Adams
MADE IN THE USA

Catalog 2026

American made since 1944.

Guaranteed for life.

At JK Adams, we believe that the kitchen is the heart of the home. It is this belief that drives us to create the highest quality, hand-crafted wood products for cooking and entertaining.

Times have changed but we are proud to say that our values have not. We remain committed to producing high-quality products from sustainably harvested North American hardwoods in Dorset, Vermont. We have been in business over 80 years with employees that have been with us for decades—and who are proud of the products we produce together.

Generations of Quality & Innovation

A Timeline of Innovation...

Over the past 80 years, JK Adams innovated many of the items you see in every kitchen & home today.

1944
Josiah Knowles Adams starts the JK Adams Company in Dorset, Vermont.

1978
Modular Wine Rack
JK Adams introduced our Modular Wine Rack made from octagonal beams connected with wood dowels. Crate & Barrel takes it.

1980
Tilted Knife Block dubbed 'the kangaroo'.

When he was unable to remove long knives from his vertical knife storage block, Malcolm Cooper Sr. took the block out to the band saw and sawed a 45 chunk off the bottom and unwittingly created the standard for the knife storage industry.

2001
Retail expansion! "The Kitchen Store" opens with a full range of tools for cooks + more on Mother's Day 2001.

2024
JK Adams celebrates 80 years of making quality and innovative kitchen and home products, proudly manufactured in the USA.

1963
With orders of engineering equipment soaring, a **22,000 sq ft factory is built**, still standing today.

1980
JK Adams purchased its first CNC (computer numeric control) router and custom automatic wine rack drill.

1982
Spinning Spice Rack
As the industry experts in kitchen storage, JK Adams designed this carousel spice rack. This

was one of our strongest innovations and these are still seen and made world wide, based on the original design we created.

2018
Cutting Board with Phone & Tablet Holder
With the use of hand held devices in everyday life - JK Adams designed the first 'tech slot' in cutting & prep boards, implemented by some of the biggest names in our industry. You can now find these at any high end kitchen goods retailer, many still made by JK Adams.

WOOD CONDITIONERS

Built to last a lifetime, our beloved wood cutting boards, bowls and utensils can, in many ways, tell the story of our lives. Always at the center of what's going on in our kitchens and setting a beautiful stage for our meals, these enduring culinary tools are our trusted culinary companions. With just a little TLC, they will reward us for a lifetime. All you need is JK Adams mineral oil for regular upkeep—and for that extra-special tune-up and protection—a good buffing with beeswax. While mineral oil is designed to penetrate and feed the wood, beeswax gives the surface a healthy sheen, an extra measure of water stain-resistance, and helps to retain the moisture provided by oil. Mineral oil is offered in 8 and 16 oz. bottle sizes with an easy-pour dispenser cap.

FORMULA 67

All natural, food-contact safe compound comprised of MCT fractionated coconut oil, carnauba wax, beeswax.

For all natural care, use our Formula 67, a play on a wood conditioner of yesteryear—our now retired Formula 66. This paste-like mixture is an all natural, food safe, wood conditioner comprised of MCT fractionated coconut oil, organic carnauba wax, and beeswax. Use a soft, lint-free cloth for application.

All Natural Wood Care
FORMULA-67 3.75 oz. -
MSRP \$19.50

FORMULA 68

Our liquid Formula 68 is an all natural, food safe, wood conditioner comprised of MCT fractionated coconut oil, organic carnauba wax, and beeswax with a hint of lemon essential oil for fragrance. Fragrance dissipates upon use. Formula 68 is a liquid cream consistency for easy application with a lint-free cloth. 8 oz. bottle size with an easy pour dispenser cap.

All Natural Wood Care
FORMULA-68 8 fluid oz. - **MSRP \$25**

WOOD CARE KIT

The perfect tidy kit containing our most popular wood care items.

Our Classic Care Kit includes an 8 ounce bottle of mineral oil, a 6 ounce tin of beeswax wood conditioner, a wood handled applicator, and our fine grit sanding sponge. Our simple Maple wood-handled foam brush makes applying your care product—oil, paste, or wax—a breeze.

TURNABOUT BOARD - MAPLE

“Our longtime favorite boasts trenches on both sides that easily accommodate more than a half-cup of liquid. One side provides a large, flat cutting surface for breaking down roasts or slicing briskets. The other features a poultry well that does a great job of steadying turkey and chicken during carving and didn’t obstruct our knife. Midweight and moderately sized, it’s easy to handle.”

-Kate Shannon and Miye Bromberg

America’s Test Kitchen

“The BEST carving board. Absolutely LOVE this carving board. I use for thanksgiving....Turkey sits perfectly in the hollowed spot. Also use for Christmas for my prime rib...It’s GORGEOUS.”

-Barbara J.

TURNABOUT BOARD

Classic, functional, reversible. Our best-selling carving board features an indented side to cradle while carving—and a flat side for daily prep. Both surfaces feature an ample juice groove. "I bought this Maple Carving board for Christmas, Thanksgiving and everyday carving of Poultry and Beef. The quality is great and it's very good looking. It's easy to clean and maintain too. I would definitely gift one of these to family/friends. I love it!"

“The first thing I noticed about my new rolling pin is how it rests comfortably in my hands. The tapered ends offer the perfect space for gripping the pin, even without the handles. I also love how completely silent it is...A French rolling pin also helps me stay in tune with my dough, no matter what I’m rolling out. The dough is close enough that I can feel where the thickness changes and adjust how much pressure I apply. This, in turn, helps the dough bake more evenly. Rolling the pin across the dough also feels more natural than feeling like I’m pushing it.”

PB-2418 - ULTIMATE PASTRY BOARD

ULTIMATE PASTRY BOARD

Designed with input from our customer-community of bakers, these pastry boards have all the features you want for making perfect pie crusts, pasta, breads, cookies and more. The large size is made of sturdy maple with a handsome Walnut edge-cleat that holds the board securely against your counter's edge while rolling out dough. The more compact version is the perfect gift for those in apartments and small spaces. At 20 x 15" inches, with a Maple edge-cleat, the board still allows ample surface for rolling out pastry dough or getting a pizza prepped. Both sizes have engraved rulers and guide marks for ease-of-use and precise pastry-making. Includes edge rulers and markings for various diameter rounds. The large size also includes a handy corner pin rest to keep your rolling pin from getting away. Finished in our mineral oil and beeswax.
