# Porter Designs - Limited Warranty

---

Porter Designs appreciates your business. We have taken every effort to ensure our furniture product fulfills your expectation of quality and durability. The following warranty is extended to the original purchaser with original proof of purchase.

## Limited Upholstery Warranty:

### Frame and Springs: Lifetime Limited Warranty

The frame, upholstered in the original fabric under normal use and conditions, is warranted to the original purchaser against manufacturing defects. The springs, under normal use and conditions, are warranted against breakage due to defective material or workmanship. Lifetime means the normal useful life of the product; customarily seven (7) years. After one (1) year from the date of purchase, the warranty covers replacement parts only, and the original purchaser will be responsible for labor.

### Seat Cushions: Limited Warranty

The seat cushions are warranted against loss of foam resiliency for a period of one (1) year from the date of purchase. Please do not confuse loss of foam resiliency with softening. Cushions will soften through normal use and conform to the users' shape. This is normal and is not considered a defect.

### Fabric/Leather: Limited Warranty

Upholstery fabrics and leather are warranted against defective material or workmanship for a period of one (1) year from the date of purchase under normal use and care. Fabric fading, piling, shrinkage, stretching, wearing quality and color fastness are not covered by this warranty. Fabric damage due to chemical treatments applied by the retailer or consumer, heavy soiling or improper cleaning will void this warranty.

### Mechanisms: Limited Warranty

The mechanisms in recliners, sleepers or sofa beds are warranted to be free from defects in materials and workmanship, for a period of one (1) year from the date of purchase. Improper handling, care or abuse of the unit will void the warranty. Sleeper mechanism should not be closed with sheets, bedspreads, blankets or pillows on the mattress as this can cause failure of the sleeper unit and will void the sleeper warranty. Caution: Children should not be allowed to play on or operate motion products. Always leave unoccupied chairs in closed upright position.

This warranty supersedes and replaces all implied warranties of merchantability and for particular purpose. No representative, employee, agent of Porter International Designs, or any other person is authorized to assume for Porter International Designs any additional liability or responsibility in connection with Porter International Designs' merchandise except as described above. In no event shall Porter International Designs be liable for indirect, consequential or incidental damages of any kind such as damage to other property owned by the purchaser, or personal injuries sustained by purchaser, loss of profits, loss of use or other economic loss, nor shall its liability exceed the purchase price of the product.

If within the warranty period, identical materials are unavailable at the time of the repair or replacement, Porter International Designs reserves the right to substitute materials of equal or better quality. Replacement fabrics may vary in color from the original due to dye lot differences. Porter International Designs is not obligated to refund money to the purchaser. Any item repaired or replaced under these warranties will be covered by the warranties for the remainder of the original warranty period only.

## WARRANTY IS VOID FOR ANY, BUT NOT LIMITED TO, THE FOLLOWING CONDITIONS:

- Improper maintenance or use resulting in damage.
- Any product modifications.
- Products sold "AS IS", floor samples, in liquidation, or purchased second hand.
- Warranty does not cover minor variations between floor samples/printed illustrations/web pictures and your product.
- Use of furniture for any other reason than use in a residential setting.
- Use of furniture in an industrial, commercial, institutional, contract or rental environment.
- Dissatisfaction due to buyer's remorse.
- Normal wear and tear.
- Damages incurred during transportation.
- Damages incurred by assembling or maintenance.
- Damages incurred by accidents or abuse.

**LEATHERLUXE**

# LEATHERLUXE

- Hand Tipped Leather
- 1.4-1.6mm Thickness
- Dyed All the way through
- Buttery soft touch

Our luxurious aniline-dyed leather features a rich, matte hand surface with a super soft feel. Natural details in the leather's surface, uneven pebbling, and subtle color variations add unique beauty to each piece. These characteristics include branding marks, grain variance, scars and other hallmarks of authentic leather hides. Because the leathers are natural and uncoated, they will eventually acquire marks or color discrepancies when coming into contact with hard objects such as belt buckles and studding. Hand distressed leathers are also highly absorbent. Marks will develop over time. This is normal and creates a rich patina inherent to this natural product.

Porter's Leather Luxe Collection is crafted by artisans from around the world and are designed to hold up to everyday use. However, even the best-made furnishings are not indestructible. Normal wear and tear will reflect individual use and care. Well-made furniture is an investment and with love and attention will last for generations.
