

Whittier
Wood®
FURNITURE

Real Wood. Real Quality.

OUR HERITAGE

For three generations our family has worked side-by-side to preserve a passion for woodworking that began decades ago. While the manufacturing business has changed over the years, our commitment to making quality furniture remains steadfast.

Our furniture is a testament to the values that guide our company. The Whittier family heritage of integrity, quality and delivering on promises endures. Each generation brings new perspective and strength to our business. We are proud of where we've come from and where we're going.

Welcome to Whittier Wood Furniture.

Pictured above: Evert Slijper, Scott Whittier, Anna Whittier Tower and Daniel Marshall.

WHITTIER WOOD FURNITURE.
REAL WOOD. REAL QUALITY.

FROM DESIGN TO PRODUCTION,
WE CONTROL EVERY ASPECT OF THE
PROCESS TO ENSURE YEARS OF USE
AND SATISFACTION.

1975 After a successful career in the pine molding business, Gordon Whittier bought a struggling wood component manufacturing facility in Eugene, Oregon. Gordon hired Evert Slijper, his son-in-

law, a lumber broker, to help move Whittier Wood Products forward as a business.

1977 The company started producing Ready-to-Assemble (RTA), Ready-to-Finish (RTF) furniture kits, which Evert sold

to home centers, discount chains and a large number of unfinished furniture stores.

1980 Gordon's son, Scott, joined the company. Business grew steadily from 1977 to 2006 as it continued to add

new collections and furniture choices for its customers.

2006 Responding to a changing market, Whittier opened its own factory in Vietnam while expanding its assembly and finishing

OUR COMPANY

Whittier owns and operates two facilities. Our company headquarters, production and distribution center is located in Eugene, Oregon where we operate in 200,000 square feet. In 2006, we opened our second production facility in Vietnam where we operate in 172,000 square feet.

OUR PRODUCT

Every operation is conducted in-house, giving us complete control over all phases of development, manufacturing and quality. Crafted from sustainable American hardwoods, there is no MDF or particleboard ever used in our furniture. Some components utilize hardwood plywood.

Superior construction techniques such as dovetailed drawers, mortise and tenon joinery, wood doweling and gluing, fitted backs and more ensure the longevity and stability of each piece we create. All of our hardware is premium grade to ensure years of use and satisfaction.

SUSTAINABILITY

A PERSPECTIVE ON REAL WOOD, REAL QUALITY

As a manufacturer of products made from natural resources, it is our responsibility to make sure those resources are well managed. Our Alder furniture is certified to the PEFC™ Chain of Custody Standard. PEFC™ is the world's largest certification standard promoting sustainable forest management through independent third party certification.

For Whittier, sustainability also comes from our commitment to quality materials and the craftsmanship of timeless furniture that is made to last. Furniture that will have a place in your home for years to come is good for the environment and your family.

capacity at the Eugene factory. These changes positioned Whittier for a strong future.

2007 A new Whittier Wood Furniture brand for a finished furniture product line was launched. The new products

were for traditional furniture stores and for the solid wood stores, which offer a mix of finished furniture and custom finished, solid wood furniture.

2017 Anna (Whittier) Tower, Scott's daughter, joined the

company demonstrating their continuing commitment to the family's guiding principals.

2020 The newest family member to join Whittier, Daniel Marshall, expands the involvement and participation

of the third generation.

2022 As the Whittier family forges ahead, the future looks brighter with new plans, new furniture, and our traditions to build upon.

DESIGN, CRAFTSMANSHIP & INNOVATION

Gordon Whittier envisioned a company committed to the highest standard of design for livability, quality and innovation. He was an early advocate for improving lumber yield and held several patents.

Scott Whittier's philosophy continues Gordon's legacy. His designs are inspired by organic thinking and an acute understanding of what is possible on the engineering and manufacturing side. The vision remains the same—craft timeless furniture made to last.

OUR MISSION

Continue to build on prior generations' commitment to be leaders in quality, service, sustainability and innovation while upholding family values.

"MY FATHER TAUGHT US, IN ORDER TO MAKE FURNITURE THAT LASTS, QUALITY AND CRAFTSMANSHIP COME FIRST."

We invite you to imagine your home with Whittier Wood Furniture.

McKENZIE BEDROOM

Glazed
Antique Cherry
finish - GAC

Caffé
finish - CAF

Fieldstone
finish - FST

Beautiful design and elegant details make for a striking combination in this collection made from solid American Alder and Alder veneered wood panels.

Old World craftsmanship features such as English dovetail drawers, mortise and tenon joinery and fitted backs ensure structural strength and stability. Full extension metal ball bearing drawer slides provide effortless access to spacious drawers.

- Made of sustainable American Alder hardwoods.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.
- Mortise and tenon joinery for strength and stability.
- Dust bottoms on all cases.
- Fitted backs for structural strength.
- Adjustable levelers.

- Chests and dressers include an anti-tip safety mechanism to reduce the risk of furniture tip-over.
- Products meet ASTM anti-tipping standards.

McKENZIE *PETITE* STORAGE BEDS

Glazed Antique
Cherry finish - GAC

Caffé
finish - CAF

Fieldstone
finish - FST

Our bestselling bed updated for today's thicker and taller mattresses. The 16" high sturdy platform deck means that even with a luxurious mattress you can get into bed easily. It packs the same quality and substance as our McKenzie Storage Beds into a scaled down "Petite" design.

Six spacious solid wood drawers feature English dovetail construction on all four corners. Whisper-quiet full

extension metal ball bearing drawer slides provide effortless access to your belongings.

- Glazed Antique Cherry, Caffè or Fieldstone finish.
- Made of sustainable American Alder hardwoods.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.

McKENZIE BOOKCASE STORAGE BEDS

Glazed Antique
Cherry finish - GAC

Caffé
finish - CAF

Fieldstone
finish - FST

This bed is the ultimate in functional storage space, beauty and quality. The headboard features large cubbies; one is accessorized with a built-in power strip and USB ports. These cubbies are perfect for your small electronics and accessories. As an added bonus, the hinged door opens to reveal a large concealed storage area below the cubbies for extra blankets, pillows, linens or anything else you want tucked away. Six spacious drawers on full extension metal ball bearing drawer slides make this dream bed one you'll enjoy for years to come.

Enhance the Bookcase Storage Bed or the Bookcase Headboard with the lovely, coordinating McKenzie Bookcase Piers. Each piece is notch cut left or right to neatly match up with the headboard and features cord access holes and one adjustable shelf. King and Cal-King models feature split headboard design construction. See page 48-49.

- Made of sustainable American Alder hardwoods.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.

McKENZIE MANTEL BEDS

Glazed Antique
Cherry finish - GAC

Caffè
finish - CAF

Fieldstone
finish - FST

This timeless design was inspired by the distinctive mantels and wood paneled walls of the 18th century. The Old World aesthetic of deeply shaped raised panels provides architectural interest and is superbly combined with today's requirements for storage. Six spacious solid wood drawers feature English dovetail construction on all four corners. Whisper-quiet full extension metal ball bearing drawer slides provide effortless access to your belongings.

- Glazed Antique Cherry, Caffè or Fieldstone finish.
- Made of sustainable American Alder hardwoods.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.

BRYCE BEDROOM

Ridgeline
finish - RLN

An elegant modern look featuring an eclectic mix of sophisticated materials. Slender brass trim and accents are an eye-catching counterpoint to the naturally rich grain of American Black Walnut. Solid American Alder legs and drawer pulls in a darker finish enhance the modern look. Rounded corner details throughout the collection accentuate the sleek silhouettes.

- Made of sustainable American Alder and Black Walnut hardwoods.
- Dresser drawer faces feature pleasing horizontal grain match.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.
- Mortise and tenon joinery combined with fluted wood dowel joinery for strength and stability.
- Fitted back for structural strength.
- Dust bottoms on all cases.
- Adjustable levelers.
- Chests and dressers include an anti-tipping safety mechanism and tipping restraint to reduce the risk of tip-over.
- Products meet ASTM anti-tipping standards.

ADDISON BEDROOM PANEL BEDS

Duet
finish - DUET

This collection was inspired by mid-century styling, yet has a dramatic flair all its own. The remarkable two-tone combination of American Alder and Black Walnut hardwoods is stunning. Complementing this beautiful blend are bold design choices that set this group apart. A precisely engineered 45-degree miter face frame seamlessly surrounds spacious inset drawers. Coved drawer fronts exude solid wood and feature solid Black Walnut drawer pulls that stand out perfectly.

- Made of sustainable American Alder and Black Walnut veneered hardwoods.
- Solid Black Walnut drawer pulls.
- Full extension metal ball bearing drawer slides.
- English dovetail drawer construction.
- Fluted wood dowel and slip miter joinery for strength and stability.
- Fitted backs for structural strength.
- Dust bottoms on all cases.
- Adjustable levelers.

ADDISON BEDROOM PLATFORM BEDS

Duet
finish - DUET

Two Addison beds are a platform of perfection: beautiful, solid American Alder and Black Walnut veneered hardwoods and splayed legs with superb engineering for strength and durability.

The Addison Adjustable Headboard Platform Bed features a mitered solid Alder frame surrounding Black Walnut veneer. The headboard height has 3-3/4" of adjustability, from 42-1/4"-46"H.

The Addison Black Walnut Adjustable Headboard Platform Bed uses Black Walnut veneer. The frameless look creates a floating headboard aesthetic. The headboard height has 3-3/4" of adjustability, from 39-3/8"-43-1/8"H.

- Made of sustainable American Alder and Black Walnut veneered hardwoods.
- Platform surround is 2-1/2"W x 2-1/4"H book matched solid Alder hardwood.
- Four steel channels connect the two platform halves. Metal bolt and insert nut attachment ensure strength and rigidity of the platform and aid in easy assembly.
- Headboard features four height adjustments and steel bracket attachments.
- Leg assemblies are strengthened with a four-sided steel box bolted to the platform. High-density wool felt glide insert protects flooring and eliminates wear. A fifth center leg ensures stability.
- Designed to hold up to 850 lbs.

See the entire collection on pages 56-59

ADDI OCCASIONAL, ETC.

Duet
finish - DUET

Beautiful mixed materials enhanced with a fluid, contemporary shape. Splayed legs are a signature element of this collection. The cleverly designed Low Cocktail End Table can nest with the Low Cocktail Table, generating harmony between pieces or separate them for a more traditional configuration.

The angled shape of the Sidekick Table looks modern and the foot fits under most sofas and chairs. The large surface can be a convenient workspace or occasional table.

Addi Occasional combines simplicity and beauty for today's modern settings.

- Made of sustainable American Alder and Black Walnut veneered hardwoods.
- Easy to assemble.
- Tack glides.

PASSIVE VENTILATION DESIGN

Various components in entertainment systems can generate a substantial amount of heat. It is important for the optimum performance and life span of the electronics to keep the temperature to 85 degrees or less. Slotted backs and shelves allow passive ventilation so the heat can dissipate. Removable slotted panels make wire management easy.

Flush Cut Molding Option

Available on Bookcases, Cabinets and Hutches.

Custom Cut Molding Options

Custom crown cuts are available on all assembled bookcases, cabinets and hutches. This is ideal for making a run of bookcases with a finished crown molding look. Center wall units cannot be custom cut.

Units can be ordered as follows:

FB = Flush cut both sides of crown.

FL = Flush cut on the left side only, as you are looking at the unit.

FR = Flush cut on the right side only, as you are looking at the unit.

McKenzie Corner Connector

Available finishes

GAC CAF FST HAZ NA SN AW SL TB

1509

Footprint: 12"

Connects two bookcases of the same height. Not compatible with Cabinets, Hutches or Center Wall Units.

For corner configurations order:

MR = Miter cut right.

ML = Miter cut left.

QUALITY FEATURES & FURNITURE CARE

QUALITY FEATURES OF OUR FURNITURE

No matter the collection or category, our Whittier products include the same superior construction features and materials detailed below. Building furniture this way ensures years and years of enjoyment.

FEATURES

1. Certified sustainable solid American Alder tops, drawer sides and frames.
2. 1/4" Plywood drawer bottoms.
3. Mortise and tenon joinery add strength and stability.
4. Fluted dowels add strength and longevity.
5. 1/2" Plywood dust skirt.
6. 1/2" American Alder veneered side panels.
7. English dovetail drawer construction.
8. Whisper-quiet full extension metal ball bearing drawer slides.
9. Adjustable glides on bottom of legs.
10. Fitted 1/4" backs ensure stability.

PLUS our seven step pre-catalyzed finishes resist most liquids and heat for up to 24 hours.

FURNITURE CARE

Your Whittier Wood Furniture piece has been created so it will last for many years to come. Our construction methods are of the highest quality and we only use solid hardwood or veneered hardwood.

Wood can be susceptible to changing color over time when exposed to direct sunlight. Use window shades, drapes or blinds to protect your furniture. To help the surface age evenly and avoid dark and light spots, periodically move items to expose the entire surface to an even amount of light so it may develop a uniform patina.

Today's modern finishes require less effort to maintain than in years past. Our finishes resist most liquids and heat for up to 24 hours. Here are some simple tips to help maintain your furniture.

- Dust with a soft cloth slightly dampened with water. Wipe in the direction of the wood grain.
- Fingerprints and greasy smears can be removed with a solution of one part white vinegar to four parts water. If you would rather use a commercial product, Simple Green® will not damage the finish. A final wipe with clean water and a soft cloth is recommended.
- To prevent scratching, use felt discs under lamps or accessories that are placed on the furniture.
- If you choose to use glass on top of wood, use discs between the glass and the wood to allow air circulation.
- Please do not use cleaning products with ammonia or silicone bases.
- Use of waxes and polishes is not recommended because they can leave a residue that could dull the finish over time.

SAFETY FEATURES

TIPPING RESTRAINTS

Whittier Wood Furniture has developed a unique system that makes it very easy to anchor our furniture. A high strength polypropylene strap is attached at the base of designated furniture. The other end anchors below the baseboard.

FEATURES

1. No holes in the wall. Easily attaches with two screws to the bottom plate of the wall or sub-floor sheathing.
2. High strength polypropylene strap already attached to the furniture.

ANTI-TIPPING DRAWER INTERLOCK SAFETY MECHANISM

Chests and dressers allow only one lower drawer or one lower drawer per vertical bank of drawers to be opened at once. This safety feature reduces the risk of tip-over.

GUIDELINES & SAFETY TIPS

- **ALWAYS** install tip-over restraint provided.
- **NEVER** open more than one drawer at a time.
- **NEVER** allow children to climb or hang on drawers, doors or shelves.
- **DO NOT** defeat or remove the drawer interlock system.
- Place heaviest items in the bottom drawers.
- **DO NOT** set TVs or other heavy objects on top of your furniture unless specifically designed for them.
- Refer to the TV manufacturer's user guide for instructions to secure television.
- Anchor the furniture and the TV on top of it. Push the TV as far back as possible.
- Keep remote controls, toys and other items that may be attractive to children off the TV stands and furniture.
- Keep TV and/or cable cords out of reach of children.
- Supervise children in rooms where these safety tips have not been followed.

FOR MORE INFORMATION, VISIT WWW.ANCHORIT.GOV

SAFETY FIRST! ANCHOR IT!

ASTM COMPLIANCE

All Whittier chests and dressers are designed to comply with the ASTM anti-tipping standards. ASTM International is one of the world's largest organizations that develop voluntary standards. Government regulators often give these standards the force of law by citing them in laws, regulations and codes.
